# TP 02 : Installation de Win 8.1 Dans Esxi 5.5

Par: FAHMI Oussama

MAKHKHAS Zakaria

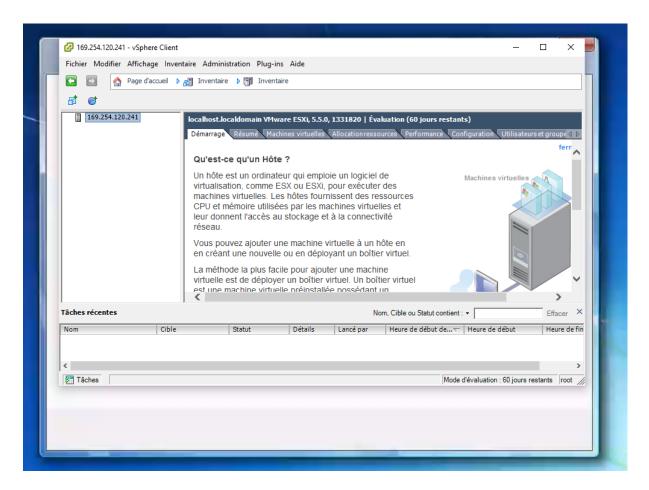

# Table des matières

Connection au Esxi 5.5 avec vSphere Client	2
Création d'une machine virtuelle	3
Installation de Windows 8.1	
Démarrage de la machine virtuelle	11
Installation du Windows	14
Configuration de l'adresse in	23

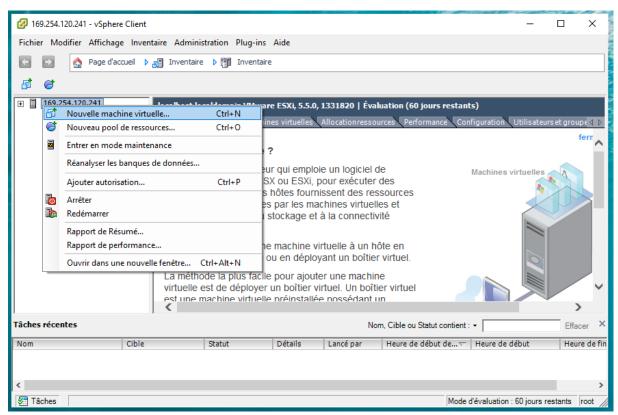

## Connection au Esxi 5.5 avec vSphere Client

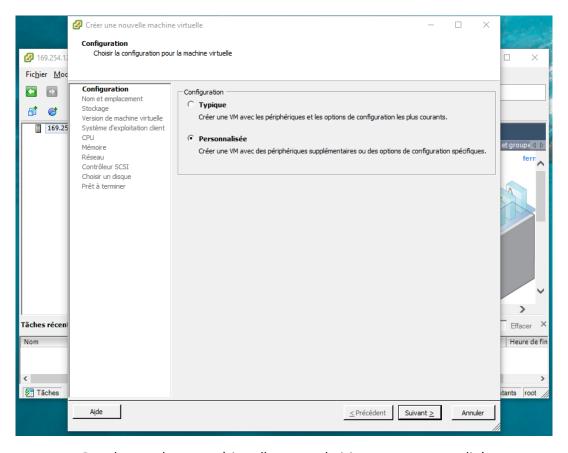

Il faut entrer les informations utilisées lors de l'installation de ESI 5.5

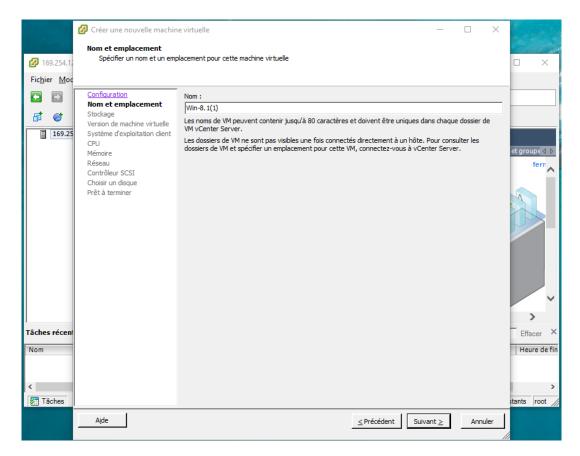

Création d'une machine virtuelle

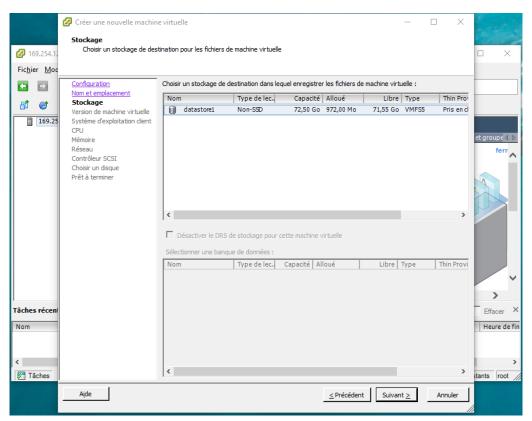

Pour Créer une nouvelle machine il faut utiliser Ctrl + N

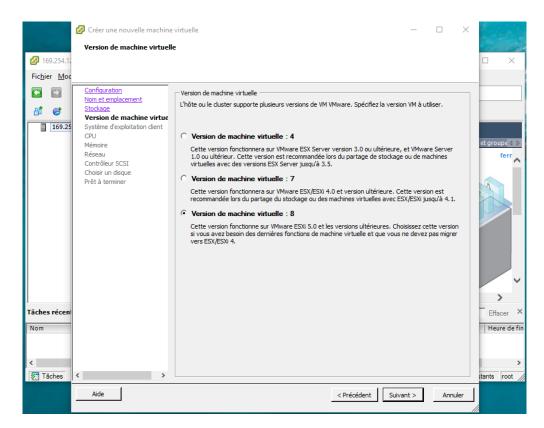

Pour le type de system à installer on va choisir un type personnalisé

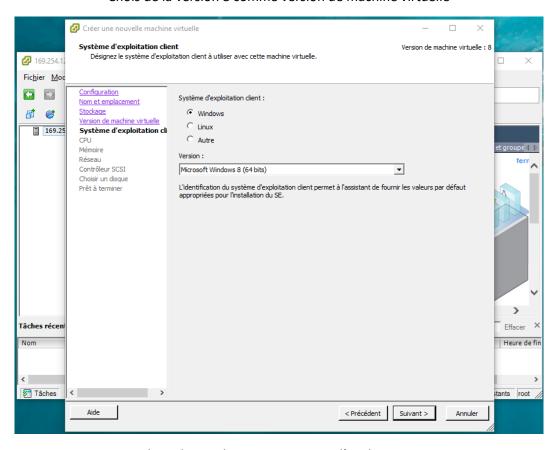

Nom de la machine virtuelle : Win-8.1(1)

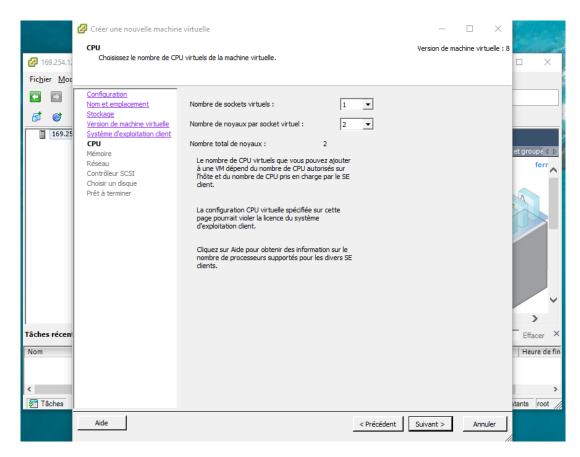

Choix de support de stockage déjà disponible dans Esxi

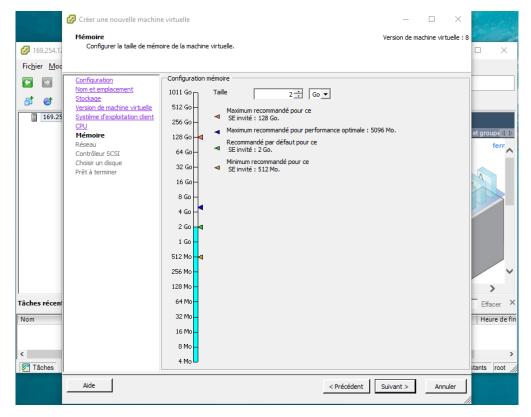

Chois de la version 8 comme version de machine virtuelle

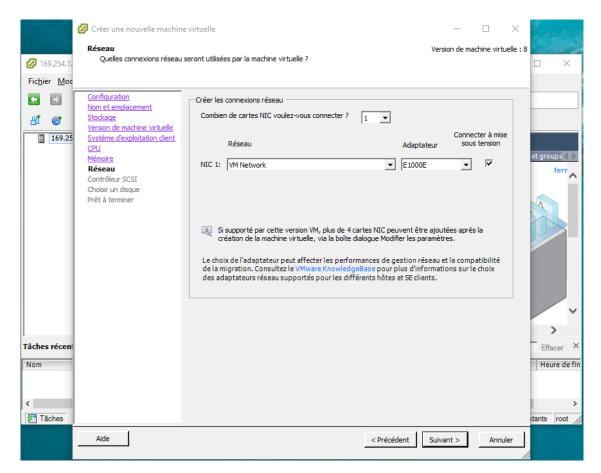

Choix de Windows come system d'exploitation

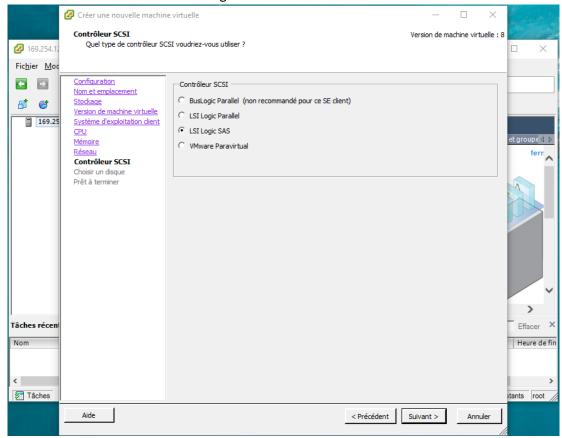

#### Choix de Cpu virtuels

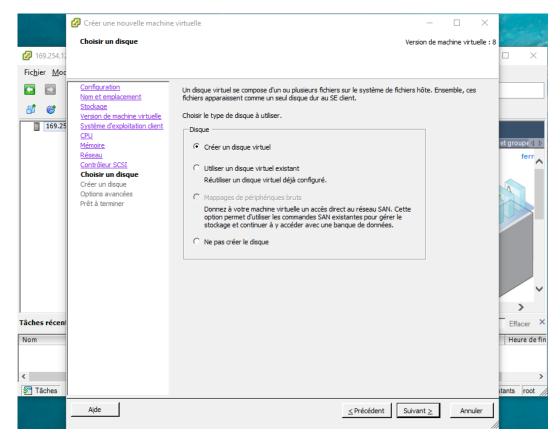

Choix de Ram virtuelle

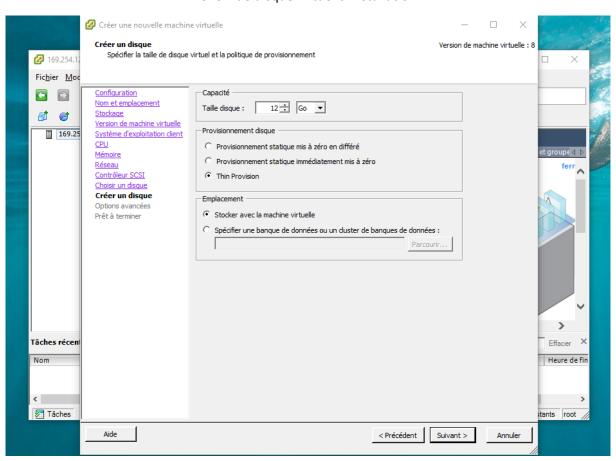

Configuration de la carte réseau

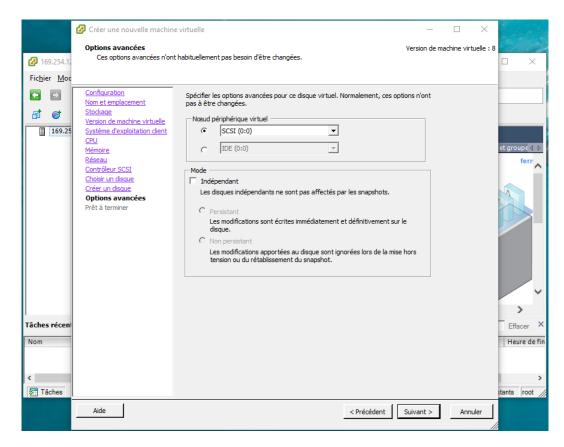

Configuration de type de contrôleur

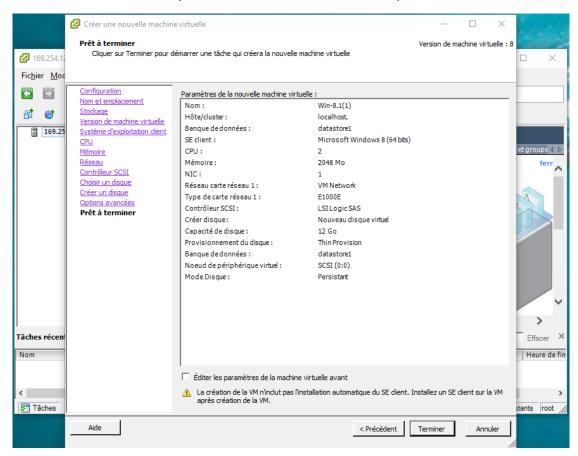

#### Choix de disque virtuel d'installation

Création d'un nouveau disque virtuelle

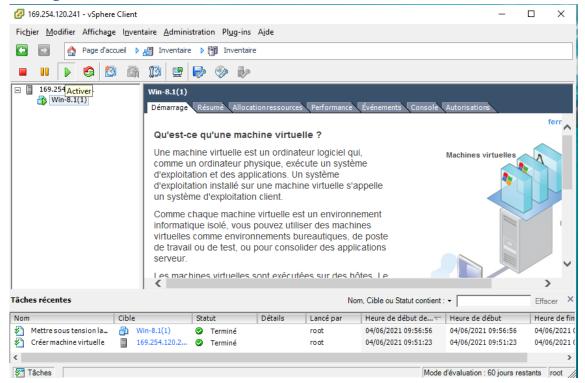

Pour les options avancées on va laisser le tout par default

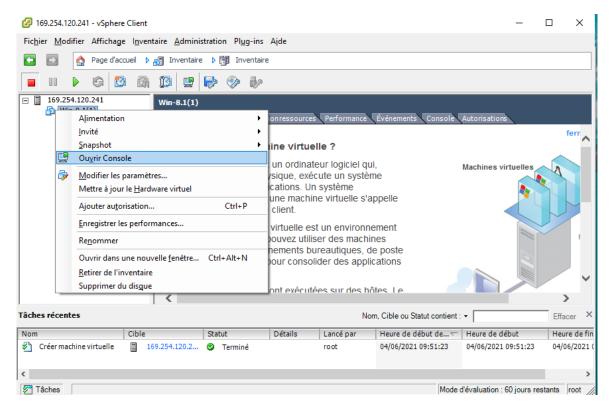

Récapitulatif des options d'installation

#### Installation de Windows 8.1

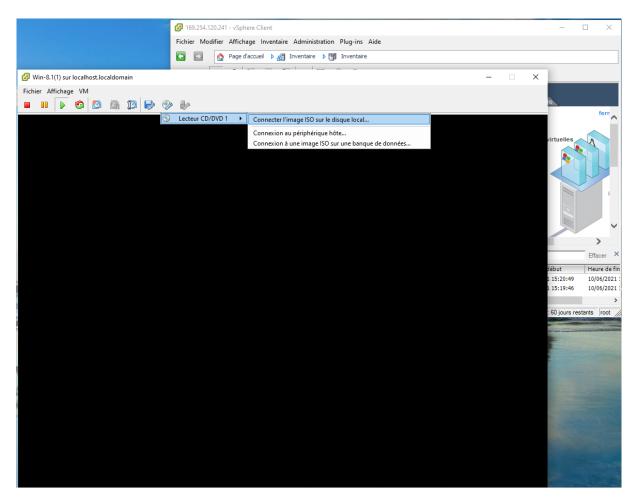

#### Démarrage de la machine virtuelle

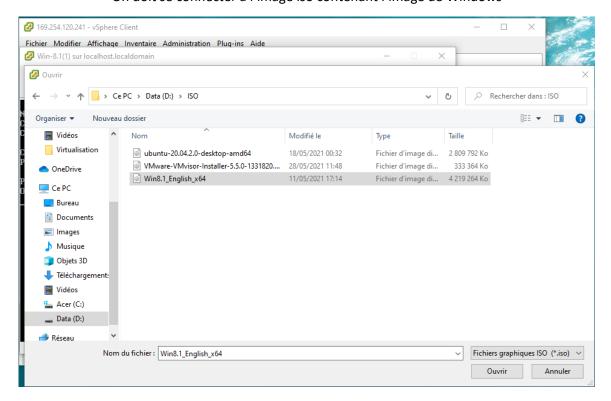

#### Premièrement on doit activer la machine virtuelle

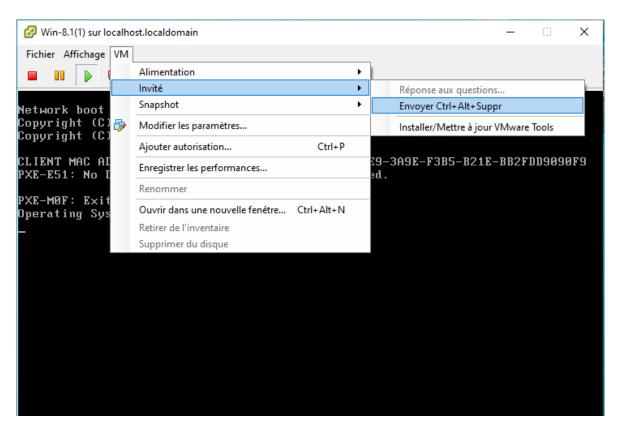

On va ouvrir le consol de la machine virtuelle

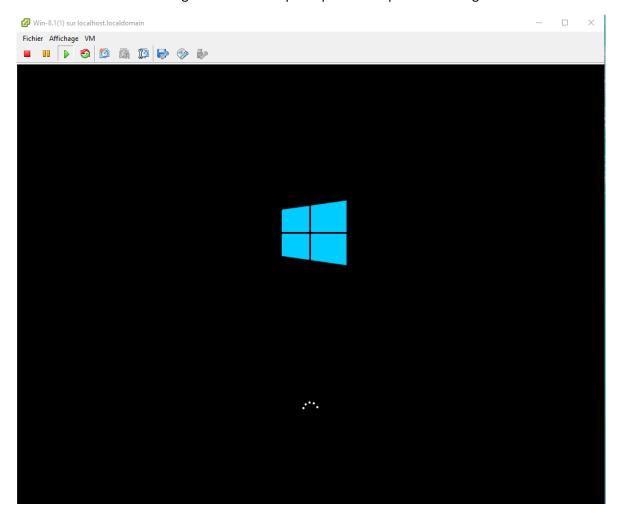

On doit se connecter à l'image iso contenant l'image de Windows

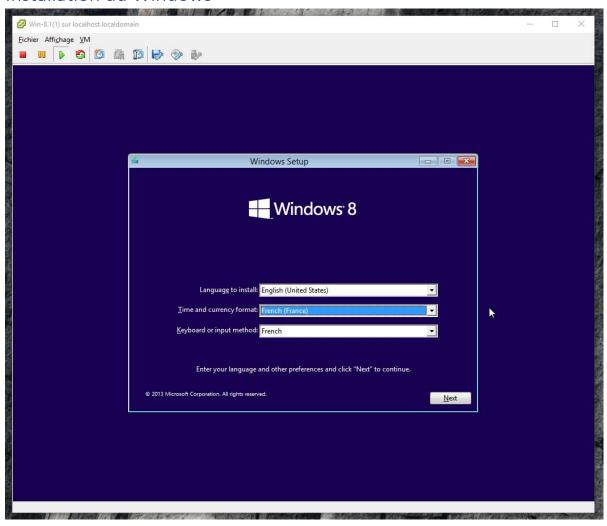

Choix de l'image iso convenable

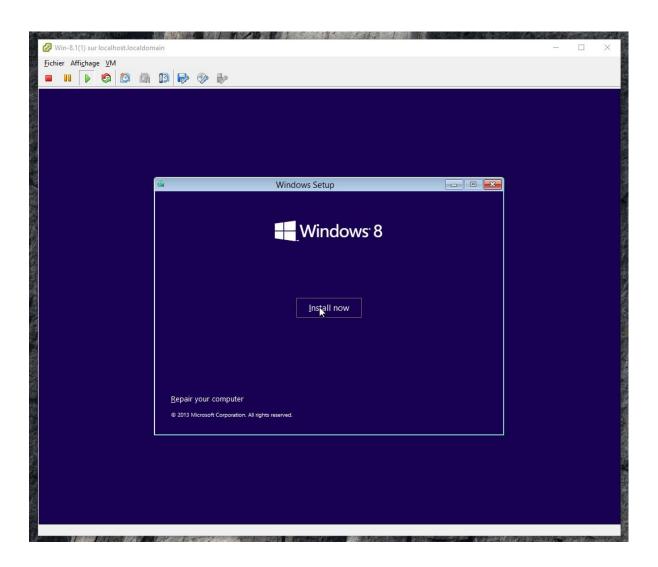

Redémarrage de la machine pour qu'il boot à partir de l'image iso

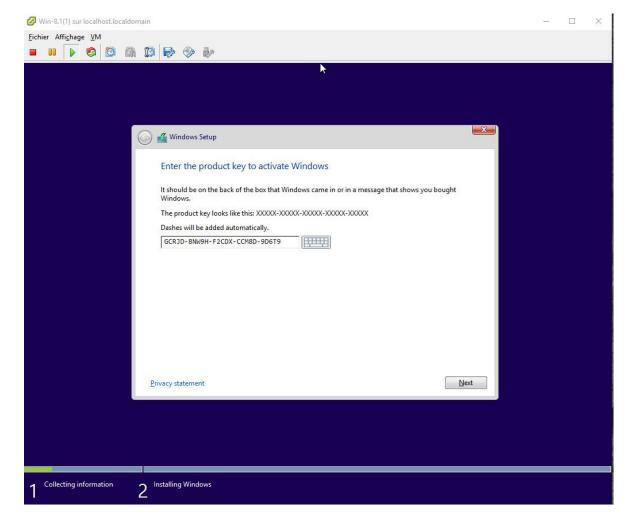

# Installation du Windows

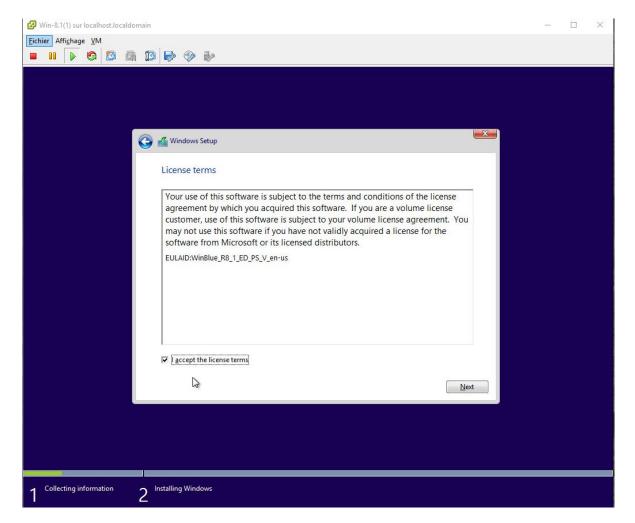

Choix de la langue

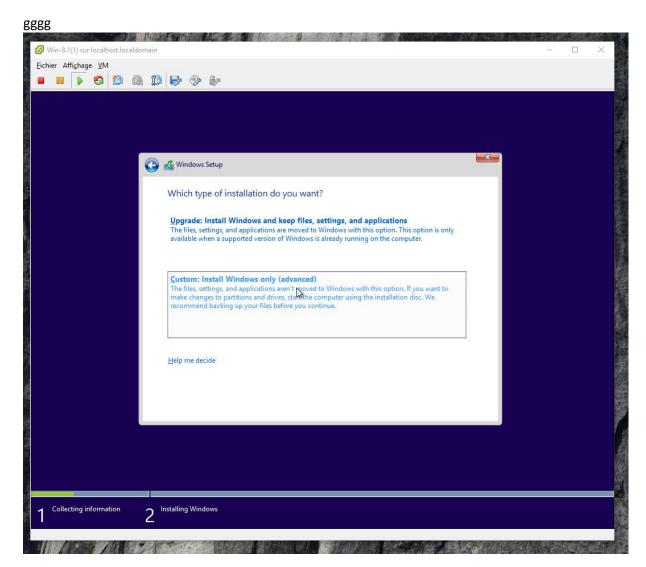

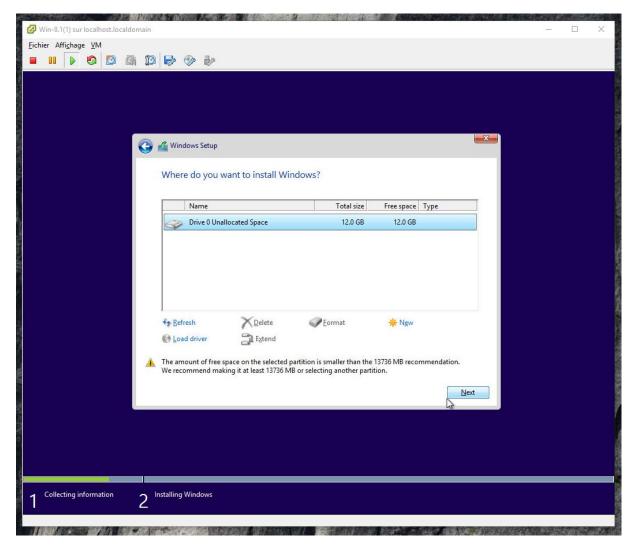

Activation

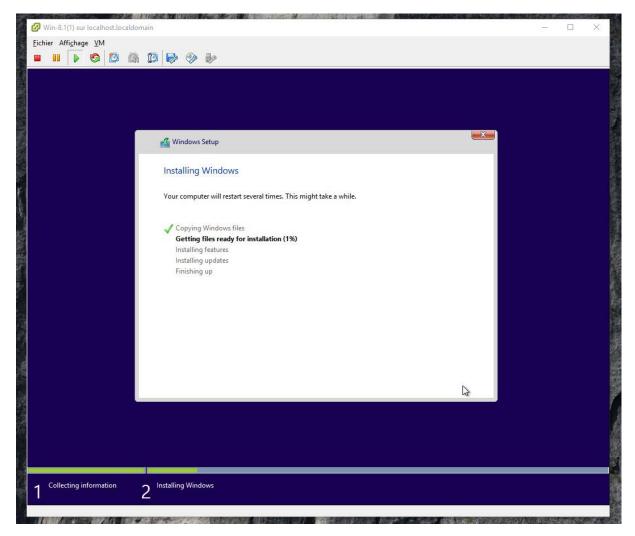

Acceptation de la licence

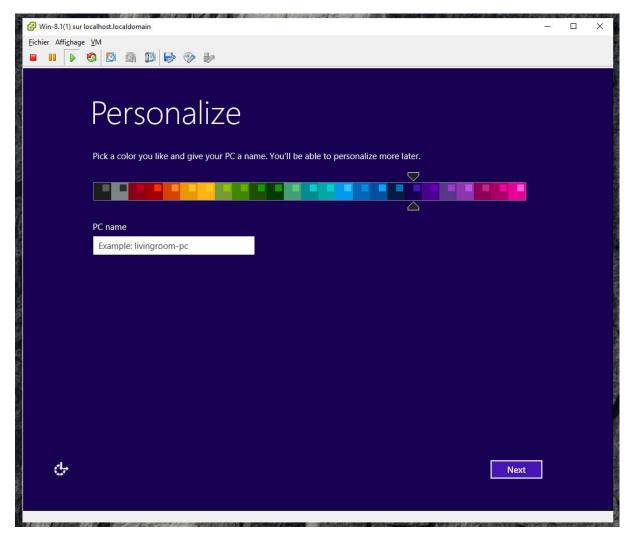

Choix des options de disque d'installation

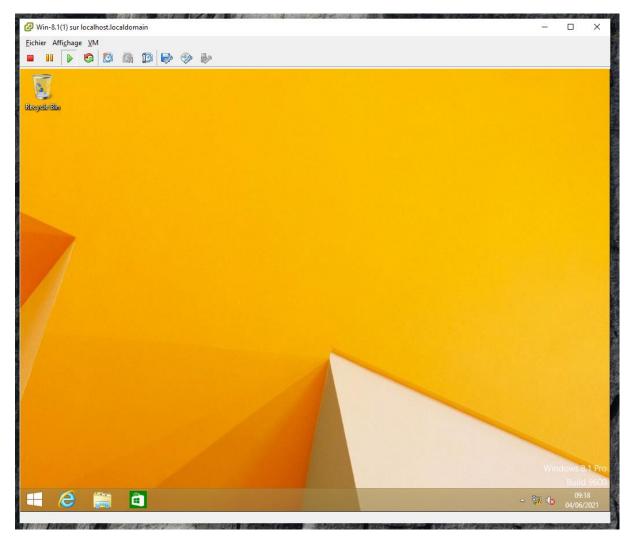

Choix de disque d'installation

Installation

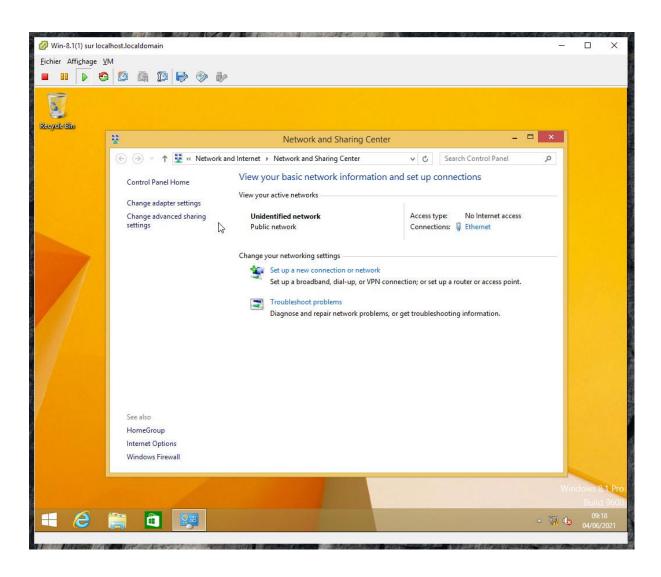

Personalization

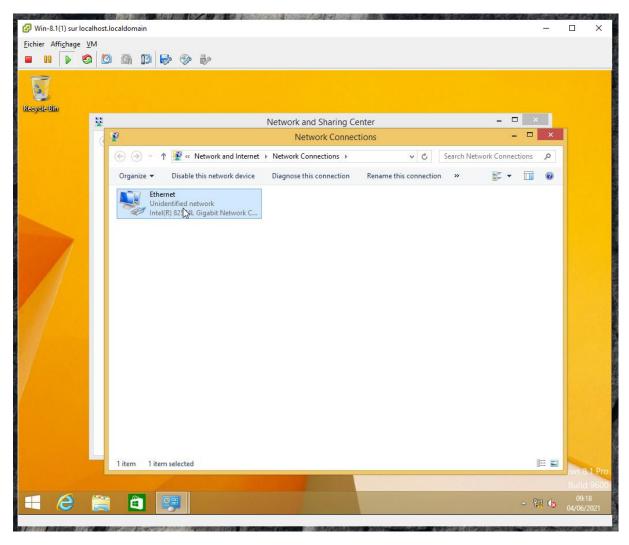

Fin de l'installation

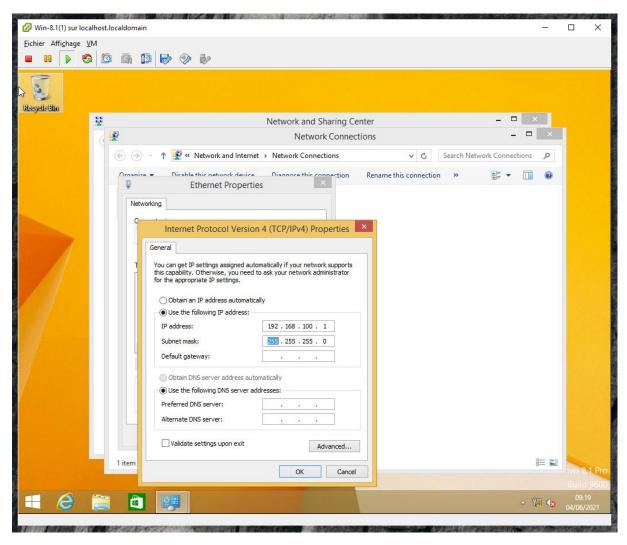

De la même façon on va installer une nouvelle machine

### Configuration de l'adresse ip

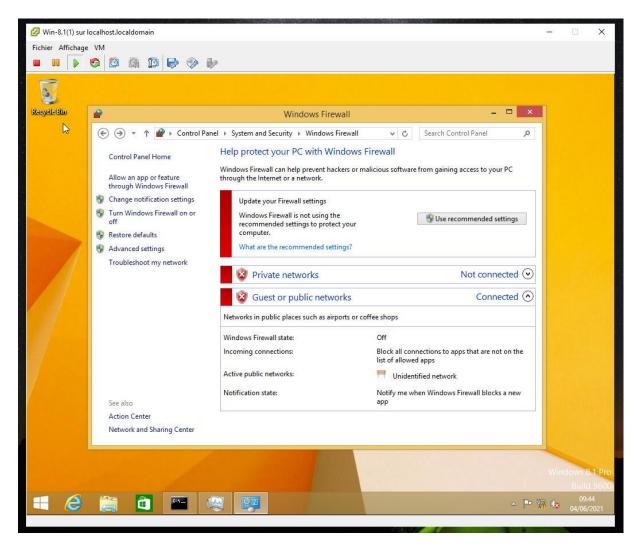

On doit modifier les options de Ipv4 de notre adaptateur

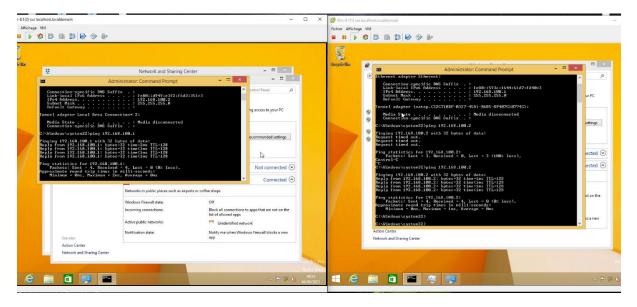

Configuration statique de l'adresse ip de la machine

La deuxième machine aura comme adresse ip 192.168.100.2

Pour assurer le ping entre les deux machine on doit nécessairement désactiver le Parfeu

Résultat du ping entre les deux machines
